

Agenda Item #3

Reimbursement Fees Excess Sewer Capacity Policy

Following are edits to the Reimbursement Agreement. A few are from Steve Pearson (Carmel Valley Manor counsel). Note that he suggested removal of "public"; which CAWD does not agree to and inquired about making agreement longer than 20 years. Ordinance 18-02 in 2018 sets forth District policy of 20 years.

If the Board has more changes it would like, suggest they be added to the changes below.

1.A – first line, make it (PSFs)

1.B.i.--- first paragraph, change each of second two PSF to PSFs.

1.B.ii --- same for only PSF in the sentence

1.B.iii. --- same for only PSF, and add s to exceed

1.B.iv. --- add an s to each of two PSF

1.C. --- add an s to the only PSF, and immediately following that add between it and have the words to be constructed within District's service area

1.D.ii. --- add an a just ahead of PSF

At this point sections now misnumbered 1 through 10, should be 2 through 11, then 12 through the rest are OK

2.A. --- mid paragraph turn establishing into establishment

4.B. --- Add District just after first word, The

7. --- second paragraph, insert District ahead of Board of Directors

9. --- make the first five words The District Board of Directors
