Dear Ms Buikema,

We live on Ribera Rd facing the meadow. What is being voted on tomorrow will affect and impact the natural environment for future generations! Can you reassure and take the responsibility that this plan is the very best to meet the needs of our neighborhood? We have heard many negative comments about the new location of the pumping station, grinder pumps going against gravity etc.! To have a vote tomorrow doesn't make sense! We feel more time is needed to come together to find understanding between both sides. Carmel Meadows is a beautiful and rare "paradise" for residents, wildlife, visitors; we take pride, we are respectful and we are grateful for this land, so please understand why as residents we expect nothing, but the best plan to conserve this natural environment. We appreciate your time to help on this matter. Enjoy the days ahead and we ask for your help.
Sincerely, Gene and Donna Kusumoto
