

# Carmel Area Wd (Ca) - Facility Influent

Mpox virus in wastewater

Sample collection date

**2023-05-16**

**NOT DETECTED**

Virus concentration  
(copies/day/person)  
**Below LOD**

Note: Concentrations above 0 are considered detects. Concentrations below the limit of detection (LOD) are not reliable and should be interpreted with caution. The LOD is normalized to population flow-rate and changes by sample.
