PS - I have a wonderful working relationship with staff at the Carmel Area Wastewater District but I am hoping your board who will be setting rate increases soon will take into consideration the long-term impact of Covid as well as these winter storms. Earlier this month we had NO POWER FOR A FULL WEEK here at the Barnyard, and this was about the 4th time this winter that a critical week or full weekend found us powerless during our already slower 1st quarter of the year. My tenants will struggle with another rate increase. The restaurants are getting hit particularly hard.
